EXPERIENCE

Techfy| Full Stack Developer (Intermediate)   (Remote)| **8/2023 – present (2 years8 Months)**

- Development of Event managing website, delivering the functionality of event handling, web-integration, and accepting stripe payments
- Led scrum meetings, conducted comprehensive code audits, and remained well-informed about emerging technologies to deliver cutting-edge software solutions.

Alphanite Softs | React Js Developer   (On Site) | **6/2022 – 10/2024 (1 year 5 Months)**

- Developed web-applications with 100+ active users from scratch
- Managed and trained team of 5 Software Engineers
- Collaborated with cross-functional teams to design and develop user-friendly web applications.
- Optimize performance, integrate with back-end services, and follow coding standards

US Softs |Internship   (On Site) | **11/2021 – 5/2022 (5 Months)**

At my internship in "US Soft," I dived into Frontend development, gaining proficiency in HTML, CSS, and JavaScript. Crafting engaging web interfaces, enhancing user experiences, and collaborating within a dynamic team enriched my skills and understanding of modern web technologies.
